Current Personal Projects

Perforator is a project with oboist Marlies van Gangelen. Translate movements to sound, build our own synthesizers, connect joysticks to oboe instruments. <http://perforator.nu/>.

Stopcontact. Alternative Elektropop. With Dave Wismeijer. Keytar. Synthesizers. Live vocal effects. Estranging Casio toy keyboards by taking their childish beats and ripping them out of context. <http://stopcontactband.nl/>.

Akim And His Organ/Akim En Zijn Orgel. Very catchy organ tunes. <http://akimandhisorgan.eu>
